

SM Biodegradable Degreaser

Previously known as Aqua Clean

Description

ShopMaster (SM) Biodegradable (Bio) Degreaser is a concentrated water based, biodegradable, alkaline detergent. It is non-toxic, non-flammable and completely safe to use in water board trade waste applications. Perfectly suited to the automotive, commercial, industrial and marine industry. SM Bio Degreaser can be used as a car, truck and bus engine and chassis degreaser, workshop floor cleaner and even upholstery and window cleaner. Suited for marine use as a bilge cleaner, deck cleaner and sail cleaner.

Applications

SM Bio Degreaser can be safely used for the following:

- Car engine degreasing – 1 part SM Bio Degreaser: 3 parts water (mix with kerosene for extra heavy duty cleaning)
- Battery terminals – 1 part SM Bio Degreaser: 20 parts water
- Concrete floors – 1 part SM Bio Degreaser: 3 parts kerosene
- Upholstery – 1 part SM Bio Degreaser: 20 parts water
- Windscreen washer bottles – 20mL SM Bio Degreaser: 1 litre water
- Glass cleaner – 1 part SM Bio Degreaser: 250 parts water
- Carpets – 1 part SM Bio Degreaser: 20 parts water
- Pressure cleaners – 1 part SM Bio Degreaser: 100 parts water

Additional Information

General Dilution Guide

Light Duty Cleaning	1:250	Glass, Stainless Steel, Chrome Surfaces
Normal Duty Cleaning	1:20	General Cleaning, Vinyl and Upholstery, Car Interiors
Heavy Duty Cleaning	1:5	Degreasing Engines, Machinery, Concrete

Caution

SM Bio Degreaser can be used as a wax remover, so use caution on or near waxed surfaces. We also recommend spot checking for colour fastness when using on interiors and acrylic carpets.
