

SM Ultra 2ST Outboard

TC-W3

Previously known as SM 2ST Engine Oil & Rasyn Marine

Description

SeaMaster Ultra Two-Stroke (2ST) Outboard Oil is a ultra high-performance semi-synthetic motor oil. It has a high film strength, ester-based lubricant providing high power output whilst controlling engine temperatures. Suitable for air- and water-cooled units.

Features & Benefits

The SM Ultra 2ST Outboard engine oil is prediluted for easy blending with fuel. Okay for oil injection of fuel/oil mix.

Additional benefits include:

- Increased power and excellent scuff protection
- Provides the lubricating qualities of castors, but with exceptional cleanliness
- Low carbon residue dramatically reduces plug fouling and smoke
- Compatible with reformulated fuels
- Works in both premix or injection systems
- Dyed blue for better visibility
- Used in F1 boat racing
- Holds fasted outboard motor records for bridge to bridge and 2 x winner out right

Specifications

Properties	Method	Results
Specific Gravity @ 20°C	ASTM D492	0.8549
Kinematic Viscosity @ 40°C	ASTM D445	41.67
Kinematic Viscosity @ 100°C	ASTM D445	8
Viscosity Index	ASTM D2270	168.2
