Petrol Engine Oil

GardenMaster Mono SAE 30 & 50

GardenMaster Mono is ideal for a 4 Stroke (4ST) lawnmower engines, pumps, generators and older vehicles calling for monograde oils of SAE 30 and 50 viscosity grades. It is mainly used in garden machinery with petrol engines where manufacturers recommend API SH/SJ or earlier specifications. It is also suitable for diesel units requiring API CD or CF lubricants.

Master Item #: 1109 & 1111

GardenMaster 2 Stroke (2ST) Oil

A high performance, low ash, low smoke lubricant specifically formulated for air cooled engines operational under varied conditions such as lawn mowers, lawn edger's, chainsaws and stationary engines such as generators and pumps where manufacturers recommend JASO FD and ISO-L-EGD.

Master Item #: 1605

GardenMaster 4 Stroke (4ST) Oil

GardenMaster 4 Stroke (4ST) Oil an SAE 10W30, API SP, ACEA A3/B3/B4 performance semi-synthetic engine oil and is recommended for all modern engines requiring performance level in order to maximise performance and engine life.

Master Item #: 1610

Garden Care Oils

GardenMaster Chain Bar Oil

Premium chain oil made with mineral oils, friction modifiers, anti-wear additives and tackifier. It is a high-performance product suitable for chains and bars of power chainsaws.

Master Item #: 1601

GardenMaster Bio Chain Bar Oil under development

Greases

Angloplex Grease No. 2

Premium, lithium complex lubricating grease. This multipurpose grease has a high dropping point in excess of 260°C, which ensures retention where high temperatures are encountered. This combined with effective antioxidants as well as corrosion inhibitors provide extra anti-wear properties. NLGI No. 2. Colour: Blue.

Master Item #: 1801

Uniplex Grease No. 2

Calcium sulphonate complex grease. High load carrying capacity with excellent resistance to water and corrosion. Drop point of 300°C and maximum working temperature of 150°C. Contains an additive package giving extreme pressure performance, anti-rust, anti-oxidation and excellent resistance to water washout. Suitable for use in wheel bearings, chassis lubrication and industrial applications. NLGI No. 2. Colour: Tan.

Master Item #: 1837

Inplex 2163-220 No. 2

The Inplex 2163-220 No. 2 is a calcium sulphonate grease designed for heavy duty use. It is excellent for use in marine type applications where water washout and corrosion are of primary concern. Inplex 2163 contains no heavy metals or other harmful or environmentally undesirable additives such as sulphur, phosphorus, chlorine, zinc, antimony, barium or lead. Benefits include; outstanding mechanical ability, excellent load carrying ability, excellent thermal stability, excellent oxidation stability, excellent resistance to water, very good water washout and excellent corrosion resistance. Colour: Tan.

Master Item #: 1813

Everyday Range

Brake Cleaner 400g

Dynamic non-chlorinated, non-toxic brake cleaner rapidly removes brake fluids, oils, dust, dirt, grease and other contaminants. Penetrates crevices and difficult to reach areas, stops squeals and dries quickly. Can be used as a general-purpose metal cleaner.

Item #: 2862400

Carby & Throttle Body Cleaner 400g

Rapidly removes carbon deposits, oil, sludge, gum and varnish. Quick dry residue-free, restores carburettor efficiency and improves fuel flow, rough idling and stalling. Suitable for; Carby exterior and interior, linkage and heat riser valves, throttle body, shaft and plate, choked float chambers and vents, choke valves and controls.

Item #: 2865400

Chain Lube 400g

Lubricates, waterproofs and protects surfaces from friction, binding, corroding, or squeaking. Must have for Automotive, Marine and Industrial use in all conditions. Suitable for; motorcycle chains, forklift chains, push bike chains, go cart chains, chain saw chains, plastics, vinyl, leather, rubber, window and door tracks, locks, hinges, catchers, strikers plates, metal, fiberglass and more.

Master Item#: 2867400

Water Dispersant (W.D.) 400g

Displaces moisture, protects and starts wet motors, inhibits corrosion by forming continuous protection barrier against moisture and water, stops squeaks and loosens rust. Penetrate, lubricate, protect displace and clean away scale dirt and rust. Suitable for; machinery, engines, parts and metal surfaces.

Item #: 2866400

Aerosols

Pro Range

Pro EPT Spray Lubricant 300g

Premium formulation with anti-wear, anti-rust, anti-corrosion, moisture displacing, rapid penetration, quick dry film and PTFE additive technologies. Preferred choice in Agriculture, Construction, Manufacturing, Mining, Transport and Service industries.

Item #: 2839300

Pro H.D. Degreaser 300g

Powerful formulation that rapidly softens and removed grease and grime from numerous applications. Suitable for engines, motors, concrete, masonry surfaces, general workshop surfaces, forklifts, cranes, farm equipment, machinery and tools.

Item #: 2841300

Under Development: Pro H.D. Brake Clean, Pro H.D. Carby Clean, Pro H.D. Spray Grease & Pro H.D. Chain Lube

Workshop Supplies & Accessories

- Degreaser
 - Bio Degreaser
 - Hand Cleaner
 - HD Truck Wash
 - Glass Cleaner Concentrate
 - Injector Cleaners (Diesel & Petrol)
